

Certificate

Indoor Air Comfort

Mineral Wool Insulation

Certified Product

Saint-Gobain ISOVER G+H

Applicant

The above product complies with the Indoor Air Comfort specifications, version 8.0 (2022). These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals.

Indoor Air Comfort combines all mandatory European regulations on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances are not combined or evaluated.

The following VOC regulations are combined and the certified product shows compliance with these VOC emission related limit values:

Belgium regulation
France VOC class A
Germany (AgBB/ABG)
Italian CAM Edilizia
EU Taxonomy Regulation

Product type: Thermal Insulation

Certificate number: IAC-400-191-03-07-2022

Issue date: 17 August 2022

Validity date: 17 August 2027

Thomas Neuhaus
Head of Certification Body

This certificate is valid as specified if regular surveillance and testing is done.

Product Testing

Appendix to Certificate IAC-400-191-03-07-2022

Saint-Gobain ISOVER G+H

receives the Indoor Air Comfort certificate with validity 17 August 2027

for below product group, including subgroups and individual products as listed:

Product group: Mineral Wool Insulation

Product type: Thermal Insulation

Products included:

ULTIMATE AP Supra-031
ULTIMATE AP SupraPlus-031
ULTIMATE KPV-V 5.0

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort certification. A worst-case product, which is representative for the whole group, is being tested frequently.
